

## 2020 Grant Recipients

2020 was a unique year! The Campbellford/Seymour Community Foundation approved grants in the spring from our various endowment funds; however, due to the COVID-19 pandemic some of the approved projects could not move forward. The Community Foundation felt the need to reach out and offer support to the various charities that were now supporting our community's most vulnerable. We approached the Municipality to assist, which resulted in reallocating \$50,000 in grant funding to the newly created COVID-19 Community Response Grants. Congratulations to all of our 2020 Grant Recipients!
